KODAK BCS200
BINOCULARS

Compact, high-tech binoculars

Compact and lightweight, the KODAK BCS200 binoculars are great to take on trips or to view the wonders of nature while hiking. Easy to handle, they have a central dial for optimal and precise adjustment of the field of view from a distance of 3m. The rubber coating provides a secure and comfortable grip. The 8x magnification is a perfect compromise between zoom power and viewing stability. Its compact size does not limit its performance, with a field of view of 126 m at a distance of 1,000 m. The included strap and carrying case complete the features that make it a perfect travel companion.

KEY FEATURES :

- Roof prism
- 8x magnification
- 21mm objective diameter
- Field of view at 1000m : 126m
