KODAK BCS600
BINOCULARS

Explore the visual power

KODAK BCS600 binoculars are optimally configured for detailed long-distance viewing. This makes them ideal for birdwatching or hiking in the mountains. The large 32 mm diameter lenses provide brighter image quality and the 12x magnification capability ensures sharp and precise long-distance viewing. Powerful yet compact and rugged for easy use in the outdoors. Supplied with a storage pouch and neck strap, they are easy to carry.
